Farhan Israk Shuvon

Junior Automation Engineer

github.com/FarhanShuvon
linkedin.com/in/farhan-israk-shuvon

Summary

Computer Science graduate with professional experience in workflow automation and a strong backend development foundation using Node.js, Express, and MongoDB. Comfortable building and consuming REST APIs, implementing authentication systems, and deploying applications using Docker and GitHub Actions. Competitive programming background strengthens problem-solving and algorithmic thinking. Looking to transition into a junior backend developer role.

Skills

- **Automation & CRM:** GoHighLevel (GHL), n8n, Postman
- **Programming:** Python, C, C++, Java, JavaScript, Dart
- **Backend:** Node.js, Express.js, REST APIs, JWT
- **Database:** MongoDB, Mongoose, PostgreSQL
- **Frontend:** React, HTML, CSS, Tailwind CSS
- **DevOps & Tools:** Docker, GitHub Actions, Git, Railway

Experience

Junior Automation Engineer — **Appsus Solutions Limited (Remote)** Apr 2026 – Present

- Build and maintain CRM workflows and automations using GoHighLevel.
- Configure CRM systems, websites, and Google Business Profile settings to meet business requirements.
- Build and manage workflows with n8n and other low-code/no-code tools.
- Implement custom code and website customizations where required.
- Build and consume REST APIs to connect CRM workflows with external services, using JWT authentication.
- Containerize and deploy applications using Docker and automate builds with GitHub Actions.

Intern AI/CRM Automation Engineer — **Appsus Solutions Limited (Remote)** Nov 2025 – Mar 2026

- Assisted with CRM configuration, workflow automation, and website tasks in GoHighLevel.
- Built automation workflows using n8n and low-code/no-code tools.
- Built API integrations connecting CRM and automation workflows with external tools and services.
- Supported automation implementation tasks for client requirements.

Education

Bachelor of Science in Computer Science and Engineering Jan 2022 – 2026
Leading University, Sylhet, Bangladesh

Higher Secondary Certificate (HSC) 2020
Nabiganj Govt College

Secondary School Certificate (SSC) 2018
Nabiganj J.K Model Govt High School

Projects

Household Services (Final Year Project) Live Demo
React, JavaScript, Tailwind CSS, Supabase, PostgreSQL

- Built a web platform for booking home services (plumbing, electrical, pest control) with customer, technician, and admin roles.
- Implemented authentication, role-based dashboards, and technician ID-card verification with admin approval.
- Designed a request workflow where admins assign technicians by location and price range, with status tracking and reviews.

IndoorXYZ (3.2 Project) APK
React Native, Firebase

- Built a mobile app for booking sports turfs and venues for football, cricket, and other games.
- Implemented user authentication and the booking flow, using Firebase as the backend.

Achievements

- 8th Position, LU ACM Programming Hunt 2023
- Participant, ICPC Asia Dhaka Regional Online Preliminary Contest 2023 (Team LU_Return_0)
- Solved 500+ problems across Codeforces, CodeChef, and Vjudge (Codeforces rating: 1049, max 1064)

Languages

- Bangla (Native)
- English (Professional)
